Where are you from,

Won't you come in peace,

What makes you tick,

What makes you breathe,

Why are you here,

Arrival

What language do you speak,

How can we communicate,

And understand one another,

Chorus

I know you're not of this world,

How can we compromise,

We cannot lie as days go by,

We know some day you will arrive,

Where is your world,

Arrival

And how does it run,

How did you get here,

And for how long,

Lets work together,

And learn from each other,

Maybe make our,

Worlds better places together,

How can we trust you,

Whats stopping you from lying,

I pray you won't decieve us,

I hope you're honest

Arrival
