

### Music Review Quarterly

Site <http://www.nmo.net/~naff70/>

This four man Rock/Metal band from Ohio knows how to Rock!! their music has Kick Ass guitar riffs and hard hitting vocals with memorable lyrics that you will be in your head all fucking day! I brought this CD to a party and people were very impressed with Lost Angel. I suggest you go to their web site and spend some of your lunch money on this CD and while you're there buy me their first CD (Destination)! Thanx.
