LOST ANGEL "Destination"

Self-financed 3 pts. (Reviewed in Scream #47 by; Leif Kringen)

This American band sounds like they're stuck in the eighties. Nothing wrong with that, cause this is pretty close to bands like Icon and Bonfire or probably a softer version of Leatherwolf. The vocals of Greg King sounds pleasant, but unfortunately the band doesn't manage to deliver high-quality songs all the way through. One of the heaviest tracks, "Nights Off", are among the best songs here.
